Our approach to teaching

We teach with an original technique using modern teaching tools to produce happy, shiny, dancy people. Ultimately, we want our students to become great to watch and great to dance with:

- **Structured classes** starting with fundamental technique exercises.
- **A focus on tango essential steps** and not lengthy sequences, to help you develop your tango ‘self’.
- **An equal emphasis on leaders and followers** (to novices, that’s usually men and women!).
- **(Improvers and up) Short video recordings of yourself** - the best way for you to see just how impressive you look, or how you might improve a step or two. Recording is optional for those who blush easily.
- **Free self-assessments and assessments** to help you keep track of your progress.
- **Homework**, that dreaded word that conjures up all kinds of awful. It is of course completely optional.

Improvers & Intermediates

After completing the 'Discovery Beginners course', you are ready to move to our 'Improvers' classes. In these classes, we will help you **build your own sequences of steps**, so that you can dance to the music and **develop your tango 'self' inside out**. In these classes, we will also explore more adventurous steps and variants. At this stage, and you should have the confidence to manage them on the dance floor without getting a TASBO (Tango Anti Social Behaviour Order).

3. Private classes

With 100% attention dedicated to your learning, a private class is the best way to progress quickly. Check availability on our website, call us (020 3560 0532) or [drop us an email](#) if you'd like to take a private class.

4. Wedding dance lessons

Big day coming soon? Tango is the perfect choice for your wedding first dance: in turn intimate, passionate, exciting to dance and watch, sensual, fiery and playful – and ideal for amazing photo and video opportunities. We'll help you pick the tune that makes you swoon, and create a wedding choreography that feels like you: either filled with adrenaline-fueled kicks and flicks, or more delicate and sweet. We'll make preparing your first dance fun. [More info here](#).

5. Gift vouchers

Christmas gifts, Valentines Day, Mother's or Father's Day, wedding gifts, or just a gift for your partner... Ever forgotten a special day was coming up and rushed out to buy something a little less than special? Tango tuition is a unique gift that can be enjoyed regardless of age, gender or even prior dance experience. Check our [voucher page here](#).

5. Corporate events

Looking for something special to entertain your colleagues, or a team building event? [Check out our services](#).

Frequently Asked Questions

Is tango for me?

Tango is a popular dance, born in the popular neighbourhoods of Buenos Aires and this is why we strongly believe it belongs to everyone. Age, previous dance experience, fitness level, cultural background, everything becomes irrelevant when you talk about tango. As you will soon realise, it's a dance that makes everyone feel welcome.

Do I need a dance partner?

No. During the class, we make sure everyone gets to dance with a variety of partners, which is the best way to learn tango. This way, leaders are exposed to different followers and can be more flexible in their leading and followers can experience different leading styles using a repertoire of steps.

What if I only want to dance with my partner?

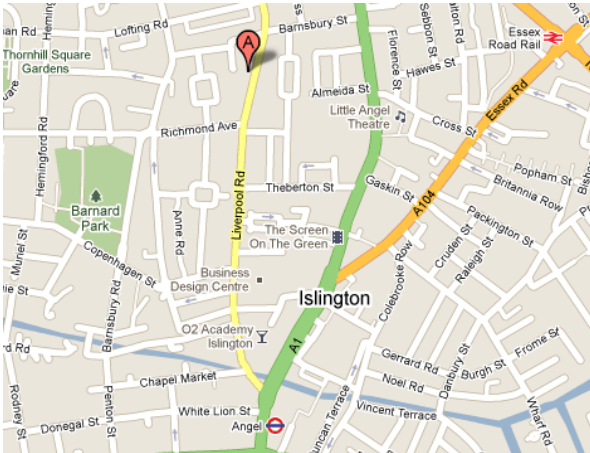

Argentine tango is a social dance, so it's customary to dance with a variety of partners, both in classes and in tango parties. Yet, if you are not comfortable with this, that's perfectly OK, simply let us know at the beginning of the class so that you and your partner will solely dance with each other.

What should I wear?

- Comfortable clothes that let you move but that are not too baggy.
- Only dance shoes or clean trainers that only saw the light of a gym club are allowed in the dance studio. If you don't have dance shoes or trainers, socks will be perfectly fine.
